

English

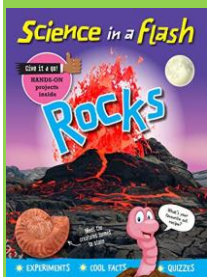

We will be sharing class stories and information texts for pleasure.

The children will use this exciting story to create their own short stories inspired by everyday objects that may be lurking under their beds!

Children will contribute to a class book providing information about a special place.

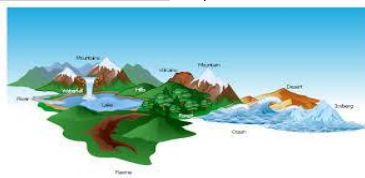

Children will write their own version about what sedimentary rocks are.

PE

Striking and Fielding games like rounders, cricket, Dartmoor 3 Ball. Athletics and Tennis.

Science

This term children will be studying rocks and learning about how they have been formed. Then they will be learning about animals including humans. This will focus on the circle of life investigating food chains and looking at the digestive system.

Maths

Times Tables – Daily practice.
Number: Fractions
Y3 Mass & Capacity
Y4 Number: Decimals
Money – including 4 operations
Time
Statistics

RE

Children will learn about Pentecost, the Kingdom of God and the impact of these today.
During the second half term, children will learn how and why people try to make the world a better place.

Spanish

Children will learn about Spanish food including words for food and simple ordering from a menu. They will also learn the days of the week and months of the year in Spanish and practise simple conversations.

Art and DT

Leave no footprints, take only pictures. Children will have a focused week of art to learn from the artists Paul Morrison and Deborah Shapiro to create their own drawing and collages.
DT in the second half term will focus on food and nutrition. The children will cook some simple savoury dishes themselves.

Geography

Where are the highest mountain ranges in the world?
How are mountains formed? – fold mountains and volcanoes.
What are the features of mountains and what is their climate like?
What is the European region of the Dolomites like?
Why is tourism so important in this region?

PSHE

Jigsaw – Changing me! Children will learn how to cope positively with change.
Building positive healthy relationships – Children will learn about families, friendships, keeping safe and being a global citizen.

Computing

Data & information – Children will learn what a branching database is and how to create one.
Children will learn simple programming techniques using the 'Scratch' program.

Music

Recorders – Children will start learning to play recorders and read simple music notation
Charanga Musical School – 'Bringing us together' – a song about friendship, peace, hope and unity will be the focus.

Middlecott Year 3 and 4
Magnificent Mountains!
What are mountains and why are they so important?
